

Mechanical Engineering Research Day 2015

- Advanced Materials and Processing
- Automotive Engineering
- Bio-Mechanics
- Computational Modelling and Analysis
- Computer-Aided Design and Engineering (CAD/CAE)
- Corrosion Engineering
- Condition Monitoring
- Dynamics and Mechanics of Machines
- Energy Management
- Environmental Engineering
- Fatigue and Fracture Mechanics
- Fuels and Lubricants
- Fluid Mechanics
- Heat Transfer
- HVAC System
- Hydraulics and Pneumatics
- Maintenance Engineering
- Manufacturing Process and System
- Mechanical Control
- Mechanical Design and Optimization
- Mechatronics Engineering
- Non-Destructive Testing (NDT)
- Noise, Vibration and Harshness (NVH)
- Renewable Energy
- Structural Mechanics
- Surface Engineering and Coatings
- Thermodynamics
- Tribology

Full-Length Papers in Special Issues Publications

Important Dates

Initial 2-pages extended abstract submission deadline	31 December 2014 10 January 2015
Notification of acceptance	31 January 2015
Final 2-pages extended abstract submission deadline	15 February 2015
Registration deadline	15 February 2015
MERD'15	31 March 2015
Full-length papers submission deadline	15 May 2015

ONLY for
Staff and
Students
of UTeM

FREE
Registration
